Empowering Rural Women by Education Them

CURRICULUM

A gender-sensitive curriculum promotes inclusivity by addressing diverse perspectives and experiences. It aims to challenge stereotypes, foster empathy, and empower students to understand and respect gender diversity. Integrating topics related to gender equality, historical contributions of women, and LGBTQ+ issues helps create an educational environment that reflects the richness of human experiences, fostering a more equitable society.

1. Title: Lohri celebration at College

Lohri Dheeyan di' celebrated at KCW, Sidhwan Khurd.

Lohri Dheeyan di' was celebrated at Khalsa College for Women, Sidhwan Khurd, Ludhiana, under the aegis of SGHGU Hari Trust and the able guidance of the Principal, Dr. Rajwinder Kaur Hundal on 17.01.2023. S. Harmail Singh Sidhu, honourable senior member of the Management graced the occasion as chief guest to bless and encourage the girls. The atmosphere was imbued with festive fervour as S. Harmail Singh and the Principal, accompanied by the staff offered 'til' and other material as ritual offering into the bonfire and recited the customary words. Groundnuts and rewari was distributed to mark the occasion. The performances of students in the form of traditional songs, energetic dances, soulful poetical recitation and speech to celebrate the contribution of Dulla Bhatti, the legendary hero who restored the dignity of women, enlivened the event. S. Harmail Singh Sidhu addressed the audience and shared his personal experience when he welcomed his first daughter at her birth 51 years back by celebrating her Lohri. He congratulated the girls and said that they have divine virtues and can contribute invaluable to the progress of the institution as they are the real ambassadors. Dr. Rajwinder Kaur Hundal welcomed S. Harmail Singh Sidhu. She shared the etymological significance of the word Lohri and said that the festival was associated with warmth, mirth and affection in folk culture. She wished a glorious future for the college and lauded the efforts of the convenor of the programme, Dr. Navdip Kaur. Prof. Inderjit Kaur, co-convenor and Prof. Karamdeep Kaur conducted the stage effectively. The staff and students expressed their joy by dancing to the tunes of folk songs. Refreshment was served to staff members.

“EMERGING TRENDS IN GENDER SENSITIZATION”
(Sponsored by COLLEGE DEVELOPMENT COUNCIL, PANJAB UNIVERSITY, CHANDIGARH)

February 15, 2023, Wednesday
9:30 AM- 4:00 PM

SUB THEMES	ABOUT THE SEMINAR
<ul style="list-style-type: none">➤ Representation of Gender in Myths and Legends.➤ Woman as Subject➤ Deconstruction of Gender Stereotypes.➤ Gender Construction in Media and Films➤ Gender and Language.➤ Feminism and Marxist Theory.➤ Gender and Psychoanalysis➤ Concerns of LGBTQ➤ The Politics of Gender➤ Sex and Gender <p>For paper presentation any topic relevant to the theme and sub-themes can be taken.</p>	<p>This seminar aims to spread awareness regarding the misinterpretation of the term gender and the role played by society in the construction of the norms associated with gender. A lot of work has been done by scholars in the field of gender studies and the participants will be enlightened about the concept of gender and the stages of evolution of the meanings associated with it. The behavioural patterns are more or less fixed in society and this seminar is an attempt to shatter the age old beliefs about inferiority of women and superiority of men. The male/female binary that gives rise to all other binaries needs to be deconstructed.</p>

ABOUT THE COLLEGE

Established in 1950 at village Sidhwan Khurd, 30 km away from Ludhiana in lush green rural background, aptly hailed as the 'Shantiniketan' of Punjab, Khalsa College for Women, Sidhwan Khurd (Ludhiana) is a living testimony to the generosity of legendary donors Bhai Sahib Bhai Narain Singh and his wife Bibi Ram Kaur and later their daughter Bibi Harparkash Kaur PadamShree Awardee and daughter-in-law Bibi Attar Kaur. It is one of the five educational institutions run by Shri Guru Hargobind Ujjagar Hari Trust. The torch bearers today who are carrying forward the old traditions and guiding us to the right path are S. Birindar Singh Sidhu, IPS (President), S. Amarjit Singh (Secretary), S. Pardeep Singh (Manager), Members: S. Kirpal Singh Bhatthal, S. Harmail Singh Sidhu, S. Pritam Singh Johal and S. Devinder Singh Mann.

**GREEN
AUDIT
REPORT
(2022 – 23)**

About the College: Established in 1950 at village Sidhwan Khurd, 30 km away from Ludhiana in lush green rural background. Khalsa College for Women, Sidhwan Khurd (Ludhiana) is a living testimony to the generosity of legendary donors Bhai Sahib Bhai Narain Singh ji and his wife Bebe Ram Kaur and later their daughter Padam Shree Awardee Bibi Harparkash Kaur and daughter in law Bibi Attar Kaur. It is one of the five educational institutions run by Sri Guru Hargobind Ujagar Hari Trust.

The Trust and the institutions came into being due to the great personal loss suffered by the founder Bhai Sahib Bhai Narain Singh ji and his wife Bibi Ram Kaur ji when they lost their only son Kaka Ujagar Singh in a mishap in 1908. Coming to terms with this loss and making the supreme Effort of starting life afresh, they devoted themselves to the task of educating their daughter Bibi Harparkash Kaur. This resulted in the establishment of a primary school in May 1909 with four students, after which there was no looking back.

It subsequently developed from a fledgling one into a fully grown organization, which today prides itself of five Educational institutions working under its aegis. Khalsa College for Women, Sidhwan Khurd is the first Rural Women College in Northern India. Started with a philanthropic spirit it is spreading education among girls of this rural region.

Introduction: Green Audit is the process of assessing the environmental impact of an organization, process, project, or procedure. It involves systematic identification, quantification, recording, reporting and analyzing of the environmental practices within and outside of the concerned institution which impact the eco-friendly ambience of the college. Assessing the environmental impact of a college through green audit can help it to take stock of its existing environment of components and help in making changes, chalking out future strategies for improvement and promoting awareness regarding green practices.

Objectives of Green Audit:

1. To document the floral and faunal diversity of the college
2. To document the environmental ambience of the institution.
3. To document waste disposal system
4. To document water management practices
5. To report sensitization of staff, students and community to build up a green campus and sustainability community
6. To document energy efficiency of the institution.

Methodology of Green Audit

The methodology of the green audit includes collection of data along with physical verification, Observation and assessment of the institution's strengths/weakness through data findings and analysis.

Marked Green Area and its location

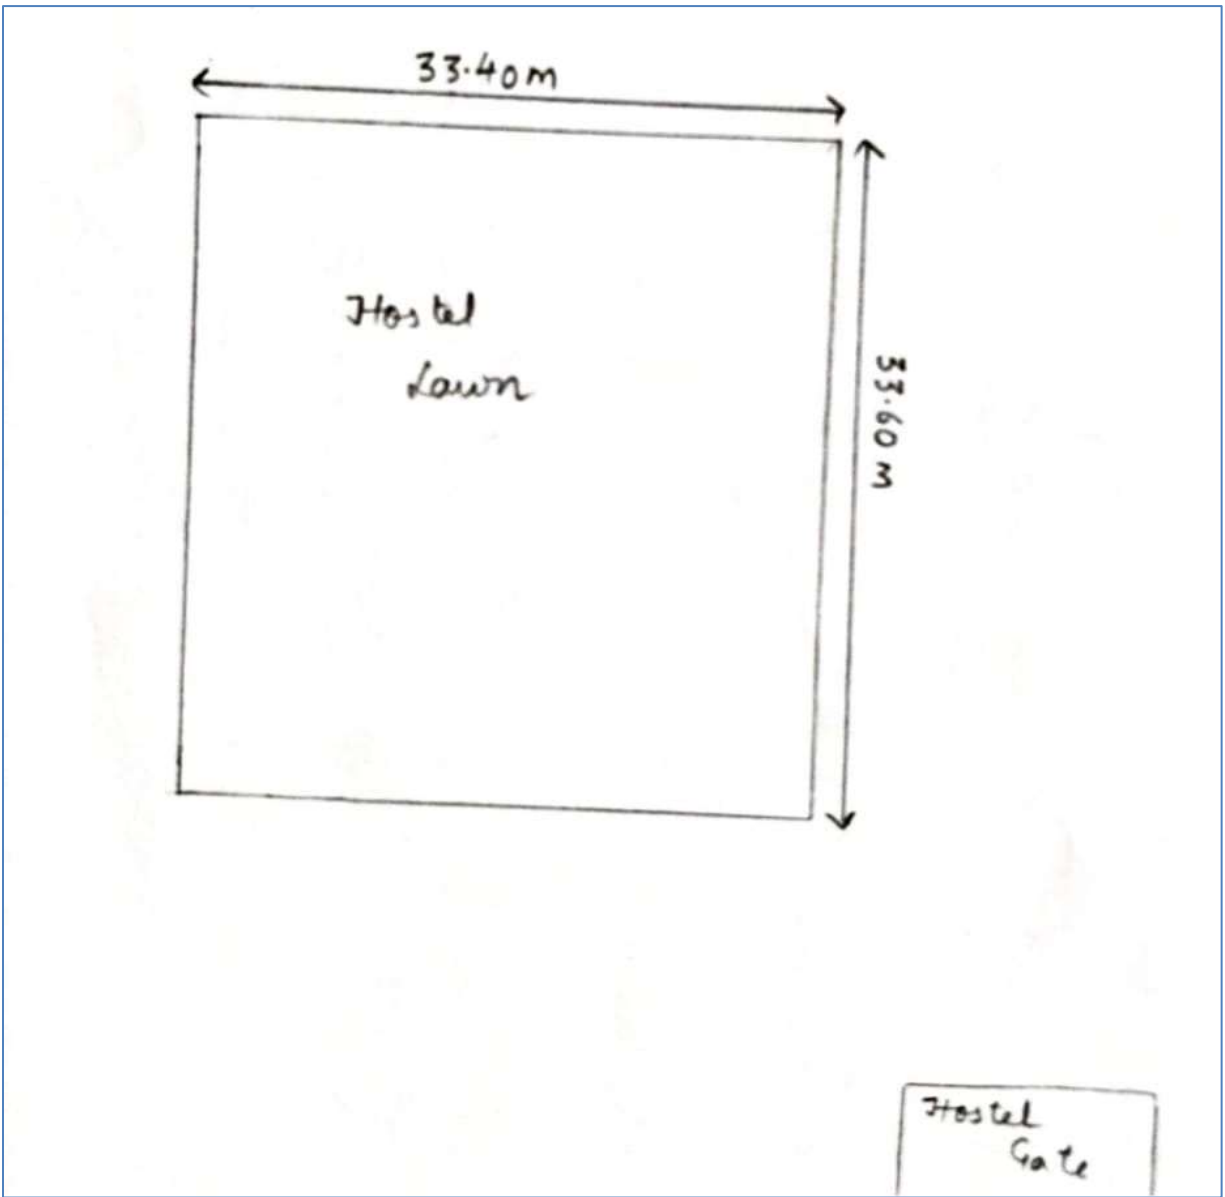

The college classrooms are airy and well lighted and hardly need any artificial Lighting. The building lay-out facilitates optimum use of day light and proper ventilation. The college lawns and playground of the college is full of floral and faunal diversity. Herbal garden is

maintained. The Botanical Garden has a water body that houses floral and faunal species. The institution is a 'Tobacco Free Zone' Messages proclaiming the same have been put up.

Air quality is maintained as majority of staff and students commute by college buses or public transport. The institution is situated in lush green environment in rural region. No wood is burnt in cooking practice. Burning of dried leaves, wooden twigs not allowed in the campus. Covid-19 protocol is being followed and cleanliness and Sanitization is undertaken as per guidelines.

Divyang friendly barrier free environment for disabled is ensured. Ramps with Handrails for easy access to classrooms, tactile path, wheelchair, signage and lights have been provided.

- Pedestrian friendly roads are available in the institution.
- Fire extinguishers have been installed as safety measures.
- Maintenance of building and lawns is done by committees like Building committee, Infrastructure committee, Physical Audit committee, Gardening Club.
- In-house facility of plumber and electrician is available.
- Separate bins are used to manage segregated waste.

- On campus and off campus parking facility is provided. Organic farming, anaerobic and aerobic composting of leaves has been initiated.
- Provision of acoustics in Guru Nanak Bhawan (Auditorium) checks noise pollution.
- Artificial bird nests have been installed.

III. Waste Management

- **Solid Waste Management:** Solid waste is segregated as biodegradable and non-biodegradable. Separate bins are used for collection. Dry leaves are thrown into the composting pits and converted into manure.
- Non-biodegradable waste is segregated. Separate zone has been marked to collect it. It is taken away by the junk dealers.
- The college is a no plastic zone.

Liquid waste Management: The rain water collected on rooftops is so managed so as to water the lawns through pipes. The water in the tank opposite Canteen lawn is reused in the lawn. Ground water recharge system has been installed. Sprinkles and fountains are installed.

Hazardous Waste Management: Inventory of chemicals is prepared and stock

Register is maintained to record usage of chemicals. Panjab University, Chandigarh curriculum prescribes negligible number of chemicals that are hazardous. Separate bins have been provided for the same in the laboratories.

E-Waste Management: E-Waste generated in the college is very less in quantity. The Cartridges of laser-printers are re-filled outside the college campus. The E-Waste in the form of redundant computers and accessories is being stored properly.

It was suggested that the computers and accessories should be sold for recycling or disposed off as per norms.

Biomedical Waste Management: The Panjab University Curriculum does not allow Dissection of animals in practical work. The students and staff who need medical help are referred to Babe Ram Kaur Charitable Hospital run by SGHU Hari Trust. There is a provision of incinerator outside the college campus; the ash is used as manure in the fields.

IV. Water Management system is in place.

Ground water recharge system has been installed. There is a proper maintenance of tanks and bunds. The tank in lawn opposite canteen is reused in the lawn through proper distribution system. Rain water from roof-tops is directed to lawns through water pipes. Staff and Students participate in Eco-friendly practices and sensitization Programmes.

Green initiatives are regularly undertaken by the staff and students. Plantation drives, landscaping and beautification of the campus is carried out. Activities related to environmental consciousness regarding stubble burning, water conservation plastic waste free campaign is conducted.

- Swachhta Pakhwadas are celebrated. Community outreach through rallies and organization of awareness programs on environmental issues is done. Sanitization and cleanliness as per standard operating procedure.
- Artificial bird nests are installed.
- Organic farming, anaerobic and aerobic composting of leaves has been initiated.

- Days of National and International importance related to environmental awareness like World Environment Day, World's Earth day, Ozone day, Red Ribbon Day.

V. Energy efficiency of the institution

- The Institution believes in "Energy Saved is Energy Produced". Wise appliance choices are made. Members of the staff have been deputed to check the Wastage of electrical energy by ensuring that fans should not run in unoccupied laboratories and classrooms. Lights are switched off immediately when not required. Computers, Printers, copiers etc. which are not in use are closed down and disconnected at the end of day. Electronic gadgets and equipment are shut off during non-working hours. All the office windows are covered by blinds or curtains to reduce heat conduction Setting for all ACs are at 22-24'C. Split units and central ACs have been installed in the institution compatible to occupancy level.
